## WHO WE ARE

Since 2003, Bonfire has partnered with renowned architects, developers, and interior designers to create standout fireplace features for luxury homes and commercial projects.

Based in Reading, we're a detail focused, independent team offering a full turn-key service. From technical specification and site surveys to seamless supply and expert installation. Whether it's a one off bespoke commission or a multi plot development, our in-house capacity and proven infrastructure ensure it's delivered smoothly, on time, and to the highest standard.
